

Teacher gives assignment

Student doesn't want to do assignment

Student remembers that if he does assignment adults will be happy and he'll get a reward. Student completes assignment

Student is rewarded with "free time"

## Learning Lesson

## Picture Cards

(for completing assignments)

[thevirtualvine.com](http://thevirtualvine.com)

2008

Ideally your picture cards would include real photos of the teacher and student. I'm hoping these might do to help me teach this skill until I can get my own photo cards completed.

Teacher will use cards to teach sequence of skill one-on-one, then have student describe pictures and sequence cards.
